Please read the article and go to their website to locate the nearest Treasure Box or click on their ad on our home page. There are no restrictions, conditions, coupons or qualifications to purchase The Treasure Box. This wholesome, delicious food is available to everyone.

## The Mission at Treasure Box

[www.thetreasurebox.org](http://www.thetreasurebox.org)

*To partner with faith-based and community-action organizations to provide families with affordable food and bring communities together, one box at a time.*

A recession is a difficult time for everyone and it can be challenging to figure out where to cut costs and stretch finances. A family's grocery food bill can put them over budget in no time, especially as the cost of food continues to rise. The Treasure Box has developed a solution to the high cost of feeding today's family.

The Treasure Box provides families and individuals with a substantial box of grocery store quality food retailing between \$65-100 for just **\$30 each**. The Treasure Box cultivates relationships with more than 500 major food manufacturers across the country to purchase and provide top quality, nutritious food at sizeable volume discounts to the general public.

Each Treasure Box contains between 21-25 pounds of high quality, frozen foods, including chicken, pork, beef, or seafood, as well as vegetables, fruit, a side dish and a dessert. One Treasure Box is enough food to nutritiously feed a family of four lunch and dinner for almost a week or a senior citizen for nearly a month.

The Treasure Boxes are offered through surrounding host locations – community action or outreach programs and faith-based organizations. Representing a savings of nearly 60% off of grocery store prices, The Treasure Box provides a positive and healthy impact to families and individuals during this economically challenging time.

The Treasure Box is a division of Good Source Solutions, a food distribution company with more than 20 years of service to non-profits, higher education institutions, government feeding programs and specialty markets.
